

August 25, 2025

To Whom It May Concern:

Google is pleased to inform you that Gaurav Patidar has successfully completed Google Summer of Code 2025, a program where accepted participants learn about open source software development by writing code for an open source project under the guidance of mentors.

Gaurav was accepted into the program by, and developed open source software for, PostgreSQL, beginning June 2, 2025 and ending on August 18, 2025. Over that period, they passed their two evaluations conducted by their mentor receiving a stipend of 1500 USD for the project.

Gaurav worked remotely on their project and was not required to visit either Google or the offices of PostgreSQL. Gaurav Patidar was not directly employed by Google during Google Summer of Code 2025. The Google Summer of Code 2025 program was administered by Google from our corporate headquarters.

More information on Gaurav's project can be found at:

<https://summerofcode.withgoogle.com/programs/2025/projects/UhsBaCiE>.

You can learn more about the program on our website at g.co/gsoc. Should you require any further information, please do not hesitate to contact our team via email at gsoc-support@google.com.

Best,
